

DUPLEX STEAM+

NEW

The New Duplex Steam + washes, restores, dries and sterilises all types of flooring by means of powerful steam jets and the action of the brushes.

New Steam Plus 2 times more powerful

420 Steam +
stainless steel

620 Tekna Steam +
stainless steel

The new powerful steam jet is directed onto the floor at a high temperature facilitating the removal of even the most stubborn dirt and grease on either smooth or profiled hard flooring without risk to the floor surface. This steam jet washing system is also particularly effective on CARPETS and RUGS etc as it not only washes the carpet fibres but it re-vitalizes them as well with the action of two ROTATING BRUSHES. The new Steam + assures an excellent result on all types of floor and can be used also for GUM REMOVAL.

Duplex[®]
International

DUPLEXSTEAM+

Brushes

The grey Duplex® brushes supplied as standard clean all types of floor.

Duplex® also provides optional brushes for specific requirements:

- BLACK BRUSHES: for dedicated hard floor cleaning
- YELLOW BRUSHES: for the delicate cleaning of carpets or mats
- HORSEHAIR BRUSHES: for polishing
- TYNEX BRUSHES: highly abrasive action
- SCOTCH-BRITE BRUSHES: a slight abrasive and polishing action, specifically for smooth floors and/or linoleum

Caddy Transportation Trolley

Thanks to the optional Caddy® trolley, transportation of the Duplex machine has never been so easy!
